

Just what is the Daughters of the Nile,
some people may ask?

Well, to answer this question, is no great task.

Daughters of the Nile is made up of women
helping children at Shriners Hospitals for Children
all over this land.

And, they're not just another organization,
but they are women who are really GRAND!
Yes, women helping the less fortunate children;
this is what we do.

I'm proud to be a part of this great Order
and I'm sure you are too!

Giving –

whether it be your time, labor,
affection, advice, gifts, or whatever;
is one of *Life's Greatest Pleasures*.
