

As the Fall Season descends upon us and we begin our usual activities of attending bonfires, burning leaves or sitting in front of a cozy fireplace, let us be reminded of our organization's "Fire it up" membership campaign. Just as the fires will extinguish without fuel; so will our Temples cease to exist without members. The Tinderbox of Ideas booklet has many helpful suggestions that can be used by not only the membership committee of each Temple but by ALL members. The green "Matchbox" tool contains information from the ACTION Team, Daughters of the Nile Foundation and a pocket-size Proposal for Membership.

Encourage each member of your Temple to carry the "Matchbox" tool with them. You never know when you may meet a prospective member. Your individual Nile card with your contact information fits nicely in there as well. We must do all we can to encourage growth of our beautiful Daughters of the Nile organization.

When you gaze into a fire this season, let it remind you that "EVERYDAY IS MEMBERSHIP DAY" and "MEMBERSHIP BEGINS WITH ME."
