

M – Membership is a big concern. As Daughters of the Nile, we need to increase our membership to continue to be a viable organization.

E – Every member is special, unique, needed and valuable.

M – Mentoring is a great way to communicate with our members. Stay in touch with others by reminding them of Stated Session, fund raisers and social events. Communicate in as many different ways as possible.

B – Because our philanthropy is so very important, we must keep in touch with all members.

E – Every child in the Shriner's Hospital for Children® is a precious life. We help provide the very important medical attention.

R – Remember how excited you were to join Daughters of the Nile? Let's keep that "fire" burning and share it with all of our Daughters of the Nile friends and especially with new members.

S – Share your Daughters of the Nile experiences every chance you have – with everyone you can.

H – Help! Help! Help! Keep the Daughters of the Nile "fire" burning – it is a responsibility we each share.

I – Inspire new members and give them special attention. Involve them in activities and committees.

P – Put on your best smile to show the world that we love our beloved order and that the "fire" is burning in each of our hearts, souls and minds. Let's keep our membership **"ALL FIRED UP!!"**
